**Job Title: Intermediate-Level Landscape Architect/Designer**

**Location: Dubai, UAE**

**Job Type: Full-time, Permanent**

We are seeking an intermediate-level Landscape Architect/Designer with 2-5 years of experience working under a licensed/registered Landscape Architect. The ideal candidate will have a strong knowledge of plant materials and planting design, competency in BIM software such as Autodesk Revit, and a degree in Landscape Architecture, Architecture, or another professional design program. The applicant must possess exceptional graphics skills and demonstrate a creative flair and a natural aptitude for design.

As a Landscape Architect/Designer, you will be responsible for working on a variety of projects in Dubai, UAE, and the surrounding areas. You will work alongside senior-level designers to develop designs, prepare construction documents, and manage project timelines. You will also be responsible for communicating with clients, coordinating with other consultants, and ensuring that projects meet local regulations and codes.

**Responsibilities:**

- Assist in developing design concepts and solutions for various landscape architecture projects
- Prepare and produce design drawings, sketches, and renderings using software such as Autodesk Revit
- Prepare construction documents, including plans, details, and specifications
- Collaborate with other project team members, including architects, engineers, and contractors
- Assist in managing project timelines and budgets
- Communicate with clients and stakeholders to ensure project objectives are met
- Conduct site visits and analyze site conditions for design purposes
- Maintain an up-to-date knowledge of plant materials, planting design, and landscape architecture trends
- Ensure that projects meet local regulations and codes

**Requirements:**

- Bachelor's or Master's degree in Landscape Architecture, Architecture, or another professional design program
- 2-5 years of experience working under a licensed/registered Landscape Architect
- Strong knowledge of plant materials and planting design
- Exceptional graphics skills.
- Aptitude for creative design.
- Competency in BIM software such as Autodesk Revit
- Proficient in AutoCAD, Adobe Creative Suite, and other design software
- Excellent communication, collaboration, and project management skills
- Familiarity with local regulations and codes in Dubai, UAE
- Ability to work in a team environment and meet project deadlines

Applicants must include their CV and a portfolio sample with their application to [Careers@sk-studio.com](mailto:Careers@sk-studio.com).

We offer a competitive salary and benefits package, as well as opportunities for professional development and career growth. If you are passionate about landscape architecture and want to work on exciting projects in Dubai, UAE, we encourage you to apply.
